

Cloud baffles in Cardinal and Sprout

## Product Overview

Dbsorb Cloud™ range of suspended baffle installations create a modern aesthetic with excellent acoustic performance. The Cloud installations are designed to effectively reduce reverberation across a broad range of frequency.

Our Cloud™ baffle includes an adjustable suspension kit, requiring minimal assembly for installation that allows it to be suspended at a range of heights.

The Cloud™ baffle can be used to mask services above, as a cloud-like feature in open spaces, or to effectively position over large desks and work spaces.
