

PLN GROUP

Think.

How we think.

Understanding your world –
current issues and future trends
that affect your spaces.

Solve.

How we solve for our clients.

Designing furniture and
acoustic lighting solutions
that enhance your life.

Craft.

How we craft.

Using our craft to test,
explore and manufacture
ideas into reality.

The natural world around us

Humans' innate desire
to seek connections
with nature and other
forms of life

– Biophilia

Design inspired by nature

Connecting to nature
through design choices
that bring the benefits of
the natural world indoors

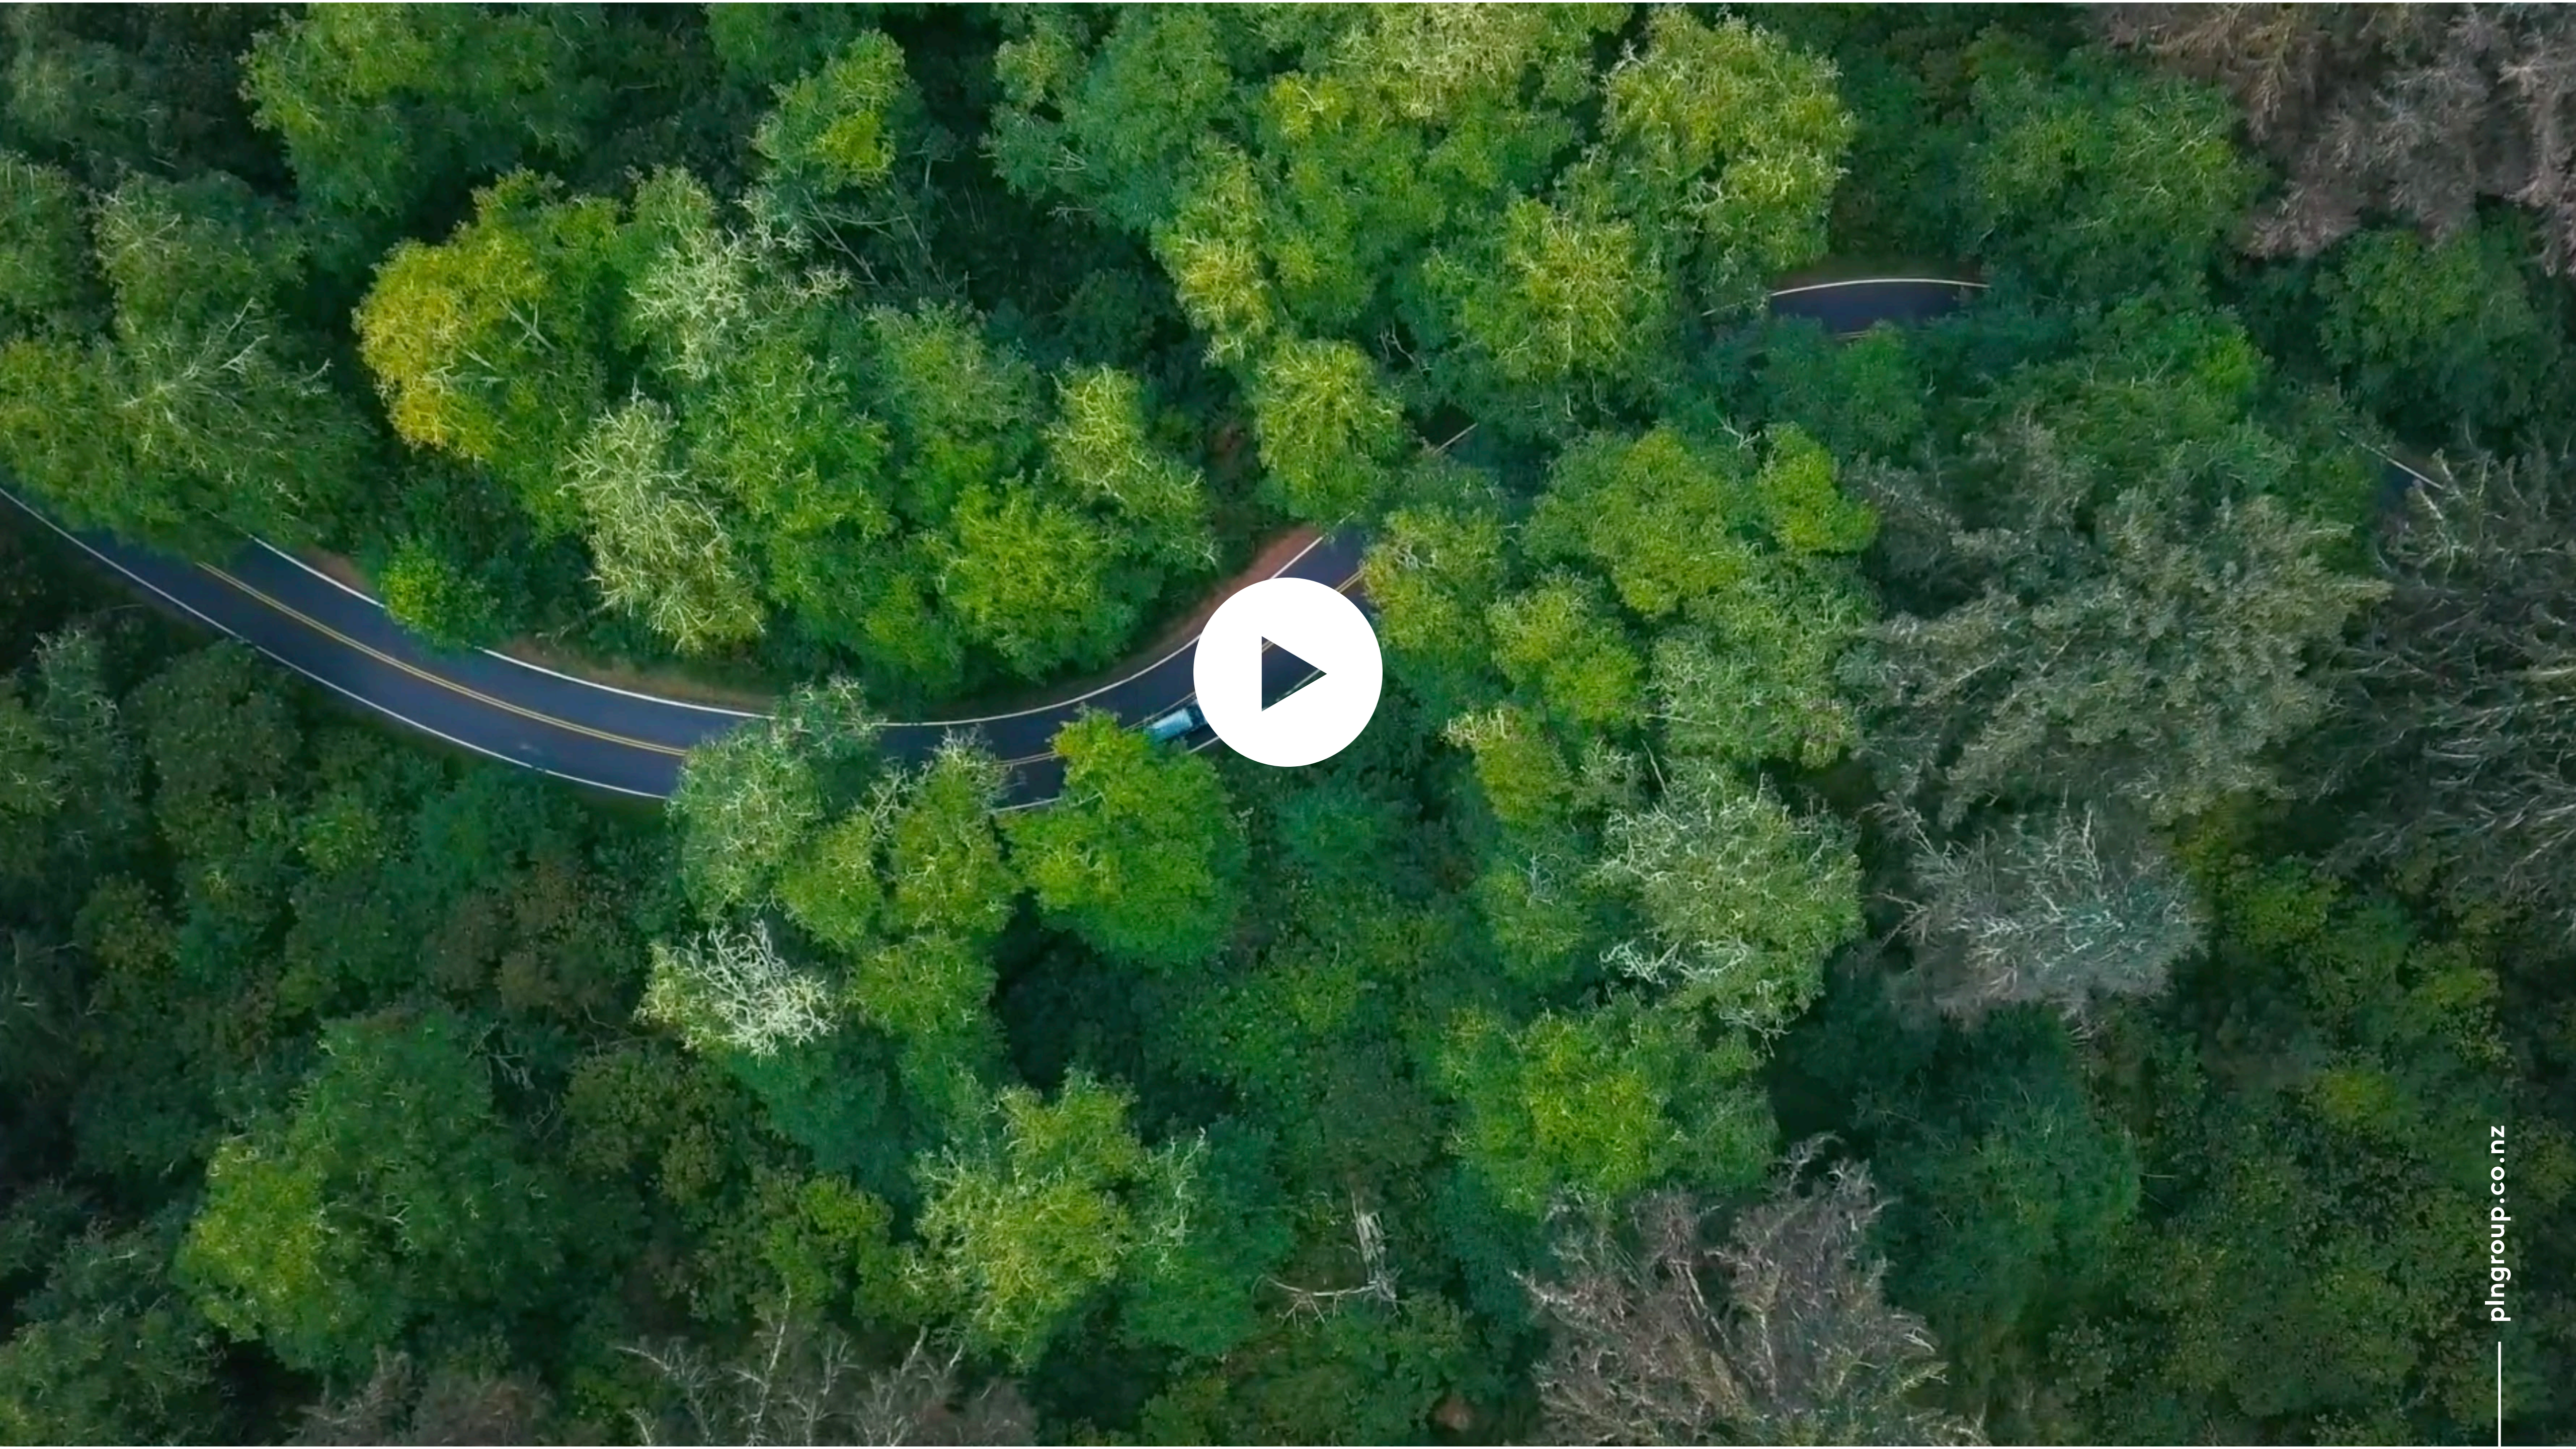

– Biophilic Design

Resilience in the workplace

- Employee wellbeing
- Separation without isolation
- Ownership & self expression
- Productive inviting spaces

What's in a name?

Bringing the natural world indoors

Inspired by the seasonal changes that happen in parkland combined with experiences of walking along flowing pathways.

The background of the entire page is a repeating pattern of yellow line-art illustrations of the 'Park' linking pod system. These pods are shown in various configurations: some are single units, some are linked in pairs, and some are linked in longer, more complex chains. The pods have a modern, curved design with a flat top surface and a small wheel at the base.
