

# STANCE TABLES

*beauty in design*

## Features of the STANCE table range

Scandinavian design for contemporary aesthetic.

Beautiful solid Ash timber base frame with option of matching Ash veneer or white laminate on top.

Thoughtful STANCE integrated power solution puts what you need, where you want it.

Matching bench seats available for seated height tables.

Supplied flat packed, designed for super easy assembly – all frames fit together and to tops with machine screws and insert nuts. Assembly instructions supplied with all standard tables.

> **Stand Up Leaner**

> **Sit Down Meeting Tables**  
3 x different shapes

> **Relax Coffee Table**

*Embraces the needs of the modern mobile and collaborative work place*

## STANCE - SIT DOWN

Available as standard in 3 different shape options, to cater to every meeting requirement.

→ Tri table configuration allows all meeting participants to view a display or presenter without visual obstruction, or removes the hierarchal element from larger meetings.

→ Round tables are ideal for smaller groups to meet and share information.

→ Traditional rectangular tables are ideal for board and management meetings where there is a clear chairperson.

All tables available with **STANCE** power hub. Supplied flat packed, designed for super easy assembly – all frames fit together and to tops with machine screws and insert nuts. Assembly instructions supplied with all standard tables.
