

TIMBER SPECIALTY

Why NZ Made

We specialise in the design and manufacture of quality handcrafted solid timber and veneer Furniture. Architects and clients can choose from a standard selection of designs, or engage our comprehensive design service.

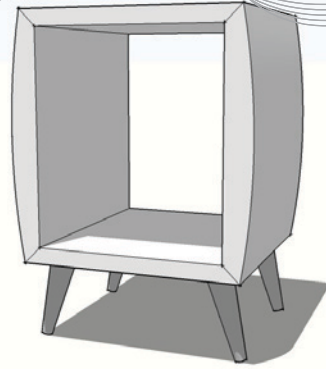

The factory is well resourced and employs tradesmen who are experts in their craft, providing superior finished commercial grade products. Plant includes 2 rotary laminating presses capable of producing over 100 solid panels per hour and a veneer press for laminating veneer to specification. The upholstery division complements our capabilities to provide a complete locally designed and manufactured solution.

Production capabilities extend from 1 off bespoke handcrafted design pieces, through to complete hotel fit out work.
