850 foot

**i.am™** is a totally flexible and versatile table base that provides a complete family of product options for the commercial environment.

**i.am™** can accommodate desks and tables with a variety of top-widths and to an infinite length. By adding frame spacers, legs and feet, the possibilities with **i.am™** are endless.

**i.am™** is aware of the responsibility for recycling. **i.am™** has been designed to be environmentally friendly and is manufactured using recyclable materials including steel, aluminium and polypropylene. **i.am™** is easily disassembled for the recycling process.

i.am™ a rectangular table (shown as 2400mm x 1200mm)

gullwing power box open

gullwing shown under table

**gullwing** is a leading edge power box that is uniquely fitted flush to the worktop at a location as required by the specifier and without obstruction to the work surface. Cover flaps open away from the user to allow for easy access and plugging in of utilities, and the system includes segregation for power and data.

**gullwing** is available from Thinking Ergonomix in a range of sizes including 300mm, 400mm (pictured), and 1000mm.

i.am™ a multi-leg round table (shown as 2000mm Ø)

optional mesh modesty

optional cable tray

handle detail

**i.am™** is offered as a tilt-top stacking option for desks that require movement. Suitable for hot-desking, breakout areas and offices that require constant change, **i.am™** can quickly and easily be tilted, moved and stored.

i.am™ a turn table (shown as 1500mm x 700mm – skateboard optional)

**i.am™** will accommodate circular and oval table tops using matching components that are used for desks and tables. This allows for uniformity throughout the work environment and complete flexibility of design.

i.am™ a four star table (shown as 1300mm Ø)
