

Hotbox 1

Hotbox **1**

Who are you **at work?**

The compact Hotbox 1 brings something fresh to the Hotbox family. Ideal for quick collaborative working in and around any office location, Hotbox 1 is the solution for agile workers who need to be organised whilst constantly in motion.

So instead of playing a game of human Jenga, admirably loading yourself with a notebook, tablet, coffee cup and more pens than reason, plant your stuff in a Hotbox 1. Moving from one space to another will be a much easier task - and definitely less stress-inducing.

Hotbox 1

Personality

Just a fraction larger than an A4 piece of paper, Hotbox 1 is the first Hotbox to come in a series of block colours – which are all fully recyclable. Available in a spectrum of colours, pink, yellow, blue, white and brick, Hotbox 1 makes a statement when it's sitting on your desk or in motion around the office. Perfectly proportioned with a handy single compartment to store your larger work items and 3 smaller compartments at the front to hold your stationery, supplies and trusty mug.

Hotbox 1

Practicality

When we were creating the packaging for Hotbox 1, we decided to make it last for longer. Designed to insert straight into your locker, the packaging can be transformed into a box to get the most out of a small space. It keeps your locker organised, so that you don't have to spend hours tidying it yourself.

Hotbox **1**
