

TouchBoard Mobile Cart – Table Mount System (Stand only, screen not included)

Description

The TouchBoard Mobile Cart is the ideal tool for teaching within the digital technology curriculum of New Zealand schools. The Touchboard Mobile Cart mounting systems are designed to provide mobility and flexibility to your conference rooms. Being both mobile and height adjustable, there are now endless possibilities across your education facility, conference rooms, huddle spaces or government departments. Available in mechanical adjustable to provide added flexibility for mixed or shared learning spaces. Comes with a 3-year comprehensive warranty and support.

The new TouchBoard Table Easel system is designed to provide complete flexibility in any learning/presentation area. It allows for use in a vertical position as a normal interactive panel or in a horizontal position as an interactive table with a smaller group of users. The TouchBoard Table Easel is sturdy and robust and easy to manoeuvre between areas. Improved ergonomics increase productivity. Designed for Collaboration, Unified Communications, Digital Signage. Heavy-duty casters allow for easy transport between workspaces.
